

# A8 Inflation/ Topping Up Valve

The tough A8 valve allows quick, hassle free topping up or inflation, and the simple clamp-in design allows fast and trouble free assembly.

## A8 Key attributes and benefits:

- Compact and smooth exterior design.
- Rugged and reliable construction.
- Good flow rate due to low opening pressure.
- Rapid installation with clamp fitting.
- Can be clamped into a wide range of fabrics.
- Approved for SOLAS liferafts to ISO 15738
- Cap acts as a secondary seal and protective cover.

- Valve can be used for deflation by adding our A8 Deflation Probe.
